

Family Hubs are launching in Sheffield

Free launch events on
Wednesday 14th June 2023

As part of the Government's new Family Hub & Start for Life programme, our current Family Centres will be transformed into Family Hubs, building upon the existing services that are in place to support families from pregnancy through a child's early years and until they reach adulthood.

**We are inviting all Sheffield Families
to join us at our Family Hubs across the City
for our free launch events on
Wednesday 14th June 2023**

Additional local activities will be taking place throughout June.

Come and hear from the services we have available, learn about what's on offer in your local community and have some fun with activities and entertainment. Open to all families in Sheffield with children of any age, as well as expectant parents.

**There is no need to book, just turn up at
your local Family Hub between 1pm and 5pm.**
