

SUMDOG IMPORTANT UPDATE

A number of pupils at Springfield Primary School are logging into Sumdog on the iPad browser, rather than using the **iPad app** on their home devices.

The web version of Sumdog for pupil users has not been designed for use on an iPad, and so **using the Sumdog app instead will provide children with a much better user-experience when answering questions and playing games.**

The website version will be blocked on 1st March 2024.

What do I need to do?

If your pupils already have the Sumdog app installed on their devices, please ask them to start using this from now on.

If their devices does not currently have the app downloaded,

How do I install the Sumdog app?

If you're using a mobile device you'll need to use the app instead of browser, as mobile devices don't have the operating power required for the browser version of games

iPads/iPhones

[CLICK HERE TO DOWNLOAD THE APP](#)

You will need minimum iOS 11.0 or later.

Android Devices and Chromebooks

[CLICK HERE TO DOWNLOAD THE APP](#)

You will need a minimum Android v5.0 or later.
