Science and topic

Plant a seed at home or in your garden with an adult. What will it need to grow? Think about an exploration you would like to go on. What would make it a great adventure?

In science we will be learning the names of common plants in this country. Next time you go to the park can you tell your adult the names of some of the plants and trees?

Talk to your adults about your escape plan if there was a fire at home. What would you do?

www.syfire.gov.uk has some good safety advice for your adults.
